Trail Condition Report

Last Updated 09/17/2019

Trail Conditions Report:

Please be aware there may be snow on the trails at higher elevations. Also, note that not all trails have been cleared, and that trail conditions can change quickly.

Trails that have been cleared may continue to experience downfall after the reported clearing date. Caution should be used when evaluating water crossings. High and fast moving rivers and creeks may be encountered.

See table below for detailed trail information.

Please visit www.fs.usda.gov/flathead for more information. If you have questions, please call the Hungry Horse/Glacier View Ranger District at 406-387-3800, M-F 8am-4:30pm.
