Trail Report

Last Updated 09/08/2020

Trail Report:

Please be aware there may be snow on the trails at higher elevations. Also, note that not all trails have been cleared, and that trail conditions can change quickly. If we do not provide information for a trail or trail segment then we have not been on that trail segment yet this season.

Trails that have been cleared may continue to experience downfall after the reported clearing date. Caution should be used when evaluating water crossings. High and fast moving rivers and creeks may be encountered.

Fire danger is **VERY HIGH!**

See table below for detailed trail information.

Please visit www.fs.usda.gov/flathead for more information. If you have questions, please call the Hungry Horse-Glacier View Ranger District at 406-387-3800, M-F 8am-4:30pm.
