## Trail Report

Last Updated 09/28/2021

---

### Trail Report:

Please be aware there may be snow on the trails at higher elevations. Also, note that not all trails may be cleared, and that trail conditions can change quickly. If we do not provide information for a trail or trail segment then we have not been on that trail segment yet this season.

A trail status of cleared only means that the trees have been cut off of it. Trails that have been cleared may continue to experience downfall after the reported clearing date. Caution should be used when evaluating water crossings. High and fast moving rivers and creeks may be encountered. Trails that have been cleared may still have heavy brush. More detailed trail information is available by calling the Hungry Horse - Glacier View Ranger District at 406-387-3800.

See table below for detailed trail information.
