

Hungry Horse Ranger District Trail Condition Report

Last Updated 6/5/2026

Reporting Overview:

A trail status of cleared only means that the trees have been cut off of it at that point in time. Trails that have been cleared may continue to experience downfall after the reported clearing date. Caution should be used when evaluating water crossings. High and fast moving rivers and creeks may be encountered. Trails that have been cleared may still have heavy brush. More detailed trail information is available by calling the Hungry Horse - Glacier View Ranger District at 406-387-3800.

Please be aware there may be snow on the trails at higher elevations. Also, note that trail conditions can change quickly after initial maintenance due to extreme weather conditions. If we do not provide information for a trail or trail segment then we have not been on that trail segment yet this season.

See [Table 1](#) below for detailed trail information.
